

Welcome to the first edition of MDR Quilting Services **Threads!**

Needing a last minute special gift ?

Currently we have a good range of sizes, colours and designs available.

Every Quilt has been reduced making the shopping budget stretch a little further. The range includes 8 Christmas Quilts in various sizes.

The perfect gift without the last minute rush.

CHARITY QUILTS

MDR Quilting Services is pleased to support several groups which make and gift quilts to children placed in foster care as a result of domestic violence or other family crisis.

Our involvement has been generously supported by **Tony & Yumi Sullivan** of **Victorian Textiles**.

During 2014 combined efforts resulted in over 75 quilts being gifted to those in need.

SHOW-N-TELL

Having completed the web site upgrade the next challenge was to find a way of providing inspiration for clients unable to attend classes.

The MDR-Quilting (closed group) on Face Book was launched.

If you're not already a member why not join the fun and see the amazing range of quilts ?

In addition to our closed group we manage the MDR-Quilting page.

Help grow this group & watch for special surprises. Plans ready once we hit 100 likes.

Sewing Hint

When piecing quilt tops don't worry about matching threads, you only need three shades. white, black & grey.

Rather than buying countless small reels consider buying 3000 yards cones, the cost is less than half compared with small reels and you don't run out any where near as often.

New look web site

In July 2014 the newly updated web site was at last published, we hope you find the site interesting, helpful & informative.
